

14<sup>th</sup> October 2020

Dear Parent/Carers,

**Ofsted visit 15<sup>th</sup> October 2020**

Ofsted are currently conducting a number of one-day visits to schools across the country.

This is to gain a national picture of education, to inform parents about what is happening in their child's school and to understand what barriers schools face and how they are overcoming these in relation to Covid - 19 and the full return of all students into full time education from September.

The visit is not an inspection and they will not be meeting with your children. A letter to parents/carers will be sent by Ofsted with their feedback, following their visit.

My team and I look forward to explaining how we have been working with you to support your child's education, both after the initial lockdown in March and following the return of students in September.

Yours faithfully

**Mr K Green**  
Principal
